

**RECOUNT MINUTES
DECEMBER 1, 2016 – 9:00 AM
OCONTO COUNTY BOARD OF CANVASS
CONFERENCE ROOM #1003 & 1004 – 1ST FLR COURTHOUSE BUILDING A
301 WASHINGTON STREET, OCONTO, WI 54153-1699**

PERSONS PRESENT:

Board of Canvass: Ron Leja, Delores Saucier, Mary Woods, Kathy Kallas (Alternate), Tracy Winkler (Alternate)
County Representation: Kim Pytleski, County Clerk; Kathy Goldschmidt, Deputy County Clerk
Tabulators: Carol Heise, Shelly Whiting, Pat Sleeter, Marilyn Magnin, Judith Hill, Mary Hodkiewicz, Bev Ragen
Candidate Representatives: Republican Party: Dan Tutas; Democratic Party: Diane Sigl; Green Party: Mary Asher
Others: General observers from daily sign-in sheets.

Kim Pytleski, County Clerk called the meeting to order at 9:00 a.m. Notice of the Recount was giving November 29, 2016

Pytleski introduced Board of Canvasser members and asked if any are party affiliated. Pytleski stated she is a member of the Republican Party. Board of Canvassers had no Party Affiliation. Due to scheduling conflicts the BOC will use alternates as necessary. Minutes will note the BOC members each day.

Pytleski asked if any observers represent a political party. Dan Tutas will be the representative for the Republican Party. Diane Sigl will be the representative for the Democratic Party. Mary Asher offered to represent the Green Party. Party representatives were instructed to ask questions to the BOC only.

Election workers were introduced.

Question: Observer – Thought BOC had to have one representative from each party?

Answer – Pytleski stated that she could not force someone to be a party affiliated worker and that no names were submitted from any political party for consideration.

Question: Observer – How do you become a member of a political party?

Answer – Pay Dues.

Pytleski reviewed Recount Procedures and Wisconsin Election Observers Rules-at-a-Glance.

Formal announcement was made Oconto County will be Hand Counting all ballots for the Recount.

Question: Observer - To move about tables do you have to be a representative to a party?

Answer: No, exercise common courtesy and keep the volume down. If a problem arises with noise, etc. then the observers will be asked to stay in the designated area.

Question: Observer - Will the minutes be published for the public?

Answer: Yes, will be posted on the Oconto County Website.

9:34 a.m. Oath of Office was orally read to all workers.

Cart of supplies was observed by party representative to verify what was brought into the room.

Pytleski announced a list of notes regarding the November 8th election:

Back up Cartridges: used by Towns of Abrams, Bagley, Little River, and Oconto Falls.

Abrams: Lady in walker was given a voter number and not made to stand in line. Forgot to get signature on poll book. Number was issued.

Brazeau: Absentee count is 145 (Sue) Poll book states 144....looks like CEI changed from 145. Pay attention when reconciling poll books and absentee ballot logs.

Chase: Muni copy of poll book was not signed on election night. Per GAB as long as county copy is signed no further action is necessary, but the workers may sign at a later date verifying their work.

How: reconstructed 2 ballots. Ballot jammed and couldn't be removed. Command Central was called. Command Central, Mike, said unplug machine and remove ballot. Ballot ripped so a tech was sent out.

Little River: Number of absentee voters was not listed on the front of the poll book. Sue counted 43 in poll book and 40 on log.

Little Suamico: 8 voter numbers not issued (skipped) and 4 numbers were duplicate issuances on absentees. So the town listed them as dup1 dup2, etc. It is on the poll book. 4 voters were issued absentee ballots, but did not vote/return; 1 voted at the polls. 1 absentee ballot was rejected as the voter was deceased before election day.

Morgan: Missing public test/official cartridge. Most likely in blue ballot bag. (Follow up note – cartridge was in ballot bag. – kp).

Mountain: There may be a voter without a number issued. #A425 is listed on a EL131, but not in poll book or supplemental or AB log. In WisVote it is entered as an AB voter based on the 131. On election night they had more ballots than voters, and we think this is the reason. The count comes out if that voter is issued a number. When we recount we'll be able to determine this.

Oconto Falls: Two of the Absentee Voters were inactive due to 4 year voter maintenance. The clerk did not get new 131's (maybe she looked at an old one and hadn't purged records in a while) and the voters are at the same address. Voters were issued a ballot. Votes will be counted and voters again made inactive until a proper 131 is completed.

New clerk error.

Stiles: Out of State Absentee Voter registered in Minnesota and WI registration was inactivated. Voter did return absentee ballot for Wisconsin. This may be nothing, but we have contacted Minnesota to verify that the voter did not vote twice. Once Minnesota is finished reconciling the vote count we will follow up.

Underhill: Page 29 of poll list, voter issued a number but no signature; also on same page, someone signed, but no number was issued. Pay special attention when reconciling. On page 49, voter issued a number, but no signature. Vote count is off by 2 as of 11/30/16, but staff will continue to investigate.

City of Oconto Falls: Potential felon voter. Referral was made to the City Police Chief to investigate and the DA and WEC has also been made aware.

Other issues: We (county) have not finished reconciling all poll books into WisVote. The goal of the recount is to verify that the number of voters given a number matches the number of votes cast (or less) and that the results were properly reported to the county on election night for the BOC to certify. That is our goal.

Before we start: Review timeline, worker schedule, asked if anyone would like to preview the room, any questions that we can answer now, review observer conduct (cameras comment).

Quorum of BOC is 2 members – so we don't have to all leave the room if one person has to leave.

Make formal statement that Oconto County will conduct the recount by handcounting ballots.

Daily work log:

Began reconciled poll books and absentee ballot logs.

Text from Sue to Clerk Pytleski's cell phone at 1:38 p.m.

Town of Mountain absentee voter resolved. "Richardson not an absentee. She filled out registration on November 4 but voted at the polls on November 8. Absentee total should be 107. I must have put the "A" by voter number." – both candidate representatives viewed original text on phone and as written in minutes.

2:35 p.m. media called and asked if any observers would be willing to be interviewed by the news media. Interview would take place outside the recount room so not to interrupt workers.

Update of BOC and election workers were announced.

Pytleski reviewed prior day's work and how everyone should be tallying on the general tally sheets so everyone is recording the same way. Only number by the name of the candidate should be the encrypted code (Example: EC12). Minutes should state if absentee ballots or edge ballots were tallied first.

Command Central

Larry Zins - Command Central walked BOC Woods through printing the encrypted codes.

Daily work log: Town of Little Suamico, Town of Oconto Falls, Town of Bagley, Town of Chase, Town of Underhill

Town of Little Suamico's municipal clerk and election workers available for questions.

Objection: Dan Tutas mentioned he does not want any voters disenfranchised but would like election workers to not spend so much time on one municipality. Pytleski stated until all numbers are verified the election workers should not proceed to the next step.

Notes for Little Suamico during absentee log reconciliation:

- Inspectors Statement was not accurately submitted to Oconto County, area for total Edge, Optical Scan and Paper ballots were left blank. Absentee Ballot Log had different number from number on poll book. Had a hard time determining how many absentee ballots were issued.
- BOC questioned if they could count ballots if absentee envelopes were missing and wanted a call to WEC. WEC was not called as the envelopes in question were found after another review of materials. *
- 6 absentee envelopes had a voter number marked on envelope but was not recorded in poll book.
 - Voter #A108 not issued number in poll book or on supplemental list.
 - Page 19 of poll book. Voter# A2311, no number issued in poll book.
 - Page 39 of poll book. Voter #1852, number was not recorded on absentee ballot log. Municipal Clerk stated hand delivered on Election Day.

 - Page 273 of poll book. Voters #1854-number was not recorded in poll book or supplement list, was on absentee ballot log. Municipal Clerk stated hand delivered on Election Day.

- Absentee ballot was returned for voter but not counted due to death of individual. Ballot was not opened and not counted, will not affect total.
- Voter #A436 on supplemental list and in poll book and 2nd ballot was issued. BOC verified voter only voted once.
- Voter #2204 was marked Absentee in black ink in the poll book with no voter number recorded on page 263. Municipal clerk stated voter dropped off on Election Day and voted absentee.
- Voter was assigned voter #2203 on 131, was not recorded in poll book and not recorded on supplemental log. BOC verified Voter Registration and accepted.
- 2 voters has sticky over voter's signature. BOC verified names and addresses in poll book and accepted.
- 4 numbers in the poll book had duplicated numbers, municipality corrected by issuing the following 4 voters duplicate numbers 1-4. Duplicate numbers were verified.
 - Voter was issued #495, then Dup. 4 as another voter was originally issued the other #495 in the poll book on page 53.
 - Voter was issued #200, then Dup 2 as another voter was originally issued the other #200 in the poll book on page 71.
 - Voter was issued #199, then Dup 1, as another voter was originally was issued the other #199 in the poll book on page 261.
 - Voter was issued #115 and Dup 3, as another voter was originally was issued the other #115 in the poll book on page 48.
 - 4 numbers were duplicated, numbers were issued prior to receiving poll book so were put on the supplemental list and in the poll book.

Objection: Dan Tutas – would like to see the county start counting Little Suamico ballots; spending too much time trying to reconcile absentee ballot count.

Started counting Little Suamico edge votes at 10:44 a.m.

*11:20 a.m. Town of Little Suamico/Kim Pytleski, County Clerk, found absentee ballot envelopes in question.

Notes from the recount:

- Did not mark # of Absentee Voters on EL-107.
- All absentee ballot envelopes were missing the municipal clerk's initials on top right corner, BOC accepted due to clerical error.

- 1 absentee envelope the witness signed on the wrong line, after verifying signature against signature on absentee envelope, looked the same. BOC vote: Winkler-deny, Mary Woods and Kathy Kallas - accept.
- 1 absentee envelope no address for witness, verified signature and address in poll book against absentee envelope signature. BOC Winkler-deny, Mary Woods and Kathy Kallas - accept.
- 1 ballot not initialed by municipal or deputy clerk – BOC accepted.
- 12/5/16 - Municipal clerk typed initials on absentee envelope instead of initialing by hand. BOC accepted typed initials and representative had no objections.
- 1 – Envelope Witnesses muni, state missing. BOC accepted.
- 3 – In person voting in clerk office, did not complete municipality address. – BOC accepted.
- 2 – Envelopes municipal clerk forgot to initial at top verifying they saw photo I.D. – BOC accepted.
- Verify tamper evident serial number on ballot container matched seal number written on inspector's statement and ballot container certification.
- Absentee Ballot review: number, applications, rejected, defective envelopes. Broke seal #0868302 & 0808301 at 8:50 a.m. Resealed bag at 8:10 a.m. with seal #789240 & 868374, encrypted tape could be run and placed in bag 1 of 2 with ballots.
- Broke seal #0789240 at 8:41 a.m. to recount encrypted tape. Resealed bag @12:40 p.m. with seal #0594829.
- Reason for "extra ballot". An elderly voter (#126) came in and mistakenly cast her ballot on the Edge before making her presidential selection. Per WEC the lady was given a paper ballot to cast a vote for president only. BOC confirmed Edge ballot did not have presidential vote, was last ballot on tape Serial # 29924. So total ballot count will be one more due to this situation. Canvass counted paper ballot only.
- All remade ballots were put in with original ballots.
- 1 military voter was not counted by Municipal Clerk, stated did not have enough information to process. BOC wanted confirmation from the Wisconsin Elections Commission they could open envelope that was put in the rejected absentee ballot envelope. Tabled until WEC and municipal clerk could be reached.
- 12/2/16: Kim Pytleski, County Clerk phone municipal clerk for clarification. Municipal clerk did try and contact military voter and WEC advised to write letter to military voter; copy of letter was attached to election materials. Municipal clerk should have opened letter. Observer asked county clerk if envelope looked suspicious. Deputy Sheriff Ed Janke called in to look at envelope, stated ok, no tampering had occurred.
- 12/7/16: BOC opened envelope, confirmed voter had all necessary paper work absentee application request was placed in envelope with ballot but for the wrong county. BOC rejected absentee application request due to being Vernon County instead of Oconto County. Kim Pytleski, County Clerk called the Wisconsin Election Commission to see if ballot should be forward to proper county. State said no, ballot was not received by Election Day and Vernon County is already done with the recount.
